Good afternoon,

I wanted to see whether there may be a status update on this request. While the request did not appear to qualify for the Expedited Basis based on the explanation I read when submitting the request, we do have a pending petition for a writ of mandamus (and other requested relief) in the Middle District of Tennessee (*Kittle v. Biden*, Case 1:24-cv-00025), and the requested information is needed in connection with that ongoing matter. As such, I was cautiously hopeful of having it processed on a somewhat "expedited" basis, as discovery in that matter has not yet commenced, and I am unable to submit non-party subpoenas at this point in time. However, we are awaiting the information in this request in order to amend our petition to add in additional allegations / parties, assuming the requested information shows what we believe it will show.

Thank you,

Ashley
